#### **Course Description**

Design of embedded microcontroller systems. Topics include microcontroller interfacing, memory and I/O addressing, interrupts, controlling real-time input/output devices, hardware/software co-design, and hardware prototyping.

**Prerequisite:** CPTG 245.

#### **Topics**

1. Introduction to embedded systems.
2. Overview of various microprocessors used for embedded systems.
3. Interfacing with simple I/O devices (LED, button, relay, etc.).
4. Multiplexing of 7-segment LED displays and 3x4 keypads.
5. Internet of Things (IOT).
6. Memory usage and data persistence.
7. Interrupts.
8. Interfacing with devices using common connection protocols (RS232, I<sup>2</sup>C, SPI, etc.).

#### **Requirements and Evaluation**

This class involves a lot of hands-on work on building embedded systems. Projects will be assigned for each topic covered. Your grade will be based on the successful implementation of all the assigned projects.

**Final Project:** A final embedded systems project is due on the last day of class.

### ***Attendance and Class Participation***

This course will include much hands-on work and discussion on both hardware and software. Students are expected to be on-time for class and ready to actively engage the material. Proper class preparation, active participation in class, and thoughtful conversation on the topic being discussed are expected. Since so much of what we learn takes place in dialogue with each other, the presence of each student is valued and necessary at every class period. To be excused from a class, you must provide an official note documenting the reason(s) for your absence. It is still your responsibility to catch up on any material that you have missed.

### ***Grading***

Topic assignment projects 60%, Class participation 10%, Final Project 30%.

### ***Grade Scale***

The final grades will be based on the following scale:

95 – 100%	A
90 – 94.9%	A-
87 – 89.9%	B+
83 – 86.9%	B
80 – 82.9%	B-

70 – 72.9%	C-
67 – 69.9%	D+
60 – 66.9%	D
0 – 59.9%	F

“Incomplete” grades are given only in extremely unusual circumstances. See *La Sierra University Undergraduate Bulletin* for the University’s policy concerning required procedures and course completion.

### ***Policy on Assistance for Physically and Learning Challenged Students***

La Sierra University complies with the Americans with Disabilities Act and Section 504 of the Rehabilitation Act of 1973. The Office of Disability Services located in the Learning Support and Testing Center coordinates all student requests for accommodation relating to special needs (physical, learning, or psychological). A student with such needs should contact the Office of Disability Services the first week of the quarter by calling 785-2450. After proper documentation is established, instructor will meet with the student privately to discuss specific needs.

### ***La Sierra University’s Policy on Academic Integrity and Honesty***

“Academic honesty is the cornerstone of institutional integrity. Academic dishonesty, on the other hand, is a treat to the intellectual fabric of an academic community and is, perhaps, the most serious violation of trust that can occur in a community of scholars and educators.... Students who commit any offense against academic integrity and honesty may receive from an instructor a failing grade in an assignment or a failing grade in a course, without possibility of withdrawal. The nature of the offense may dictate probation, suspension,

dismissal, or permanent expulsion as determined by the dean and the Administrative Committee of the student's school of enrollment" (*La Sierra University Undergraduate Bulletin*).

Faculty members are expected to report all incidents of academic dishonesty. The instructor for this course will follow the established protocol for faculty members, which includes a report to the Provost's office should such an incident occur.

To be sure that you have no misunderstandings about the definitions of academic honesty or academic dishonesty, refer to your *La Sierra University Student Handbook*. The University has significant penalties for academic dishonesty, so please take this suggestion seriously.
